

**Saeco Minuto
Super-automatic
espresso machine**

- Brews 7 coffee varieties
- Integrated milk jug & frother
- Silver
- 5 step adjustable grinder

HD8773/47

Always your favorite beverage at just one touch

With the one-click removable brewing group

Only the Saeco Minuto super-automatic espresso machine delivers the real first bean to cup experience with maximum convenience, top-notch performances and large capacities in extra compact dimensions

Advanced technology designed for coffee perfection

- Fine-tune the coffee's richness with 5 grinder settings
- Extract maximum flavor with the 100% ceramic grinders

High comfort is part of the experience

- The fully removable brewing group can be cleaned in no time

A variety of coffees customized to your taste

- The strength selection remembers just how strong you like it

Ease of cleaning and maintaining

- Easy cleaning thanks to dishwasher-safe parts
- Always a clean machine thanks to auto-clean and descaling

Highlights

Dishwasher-safe parts

For your convenience, you can put the Saeco's drip tray and milk frother or milk carafe in the dishwasher. This will save time and ensure a hygienic cleaning.

Auto cleaning and descaling

Saeco designed this espresso machine to automatically clean its coffee circuit with water upon starting up or switching off of the machine, this delivers a great, fresh taste with each cup of coffee. Regular descaling prolongs your espresso machine's life. This machine will not only prompt when descaling is needed, the automated descaling process will start on your machine and guides you with clear on-screen messages when you have to intervene. Descaling has never been so easy!

5-steps adjustable grinders

When it comes to the fineness of the grind, this machine never fails to satisfy. Different coffee blends require different levels of granularity for the full flavor to unfold. So the grind granularity of this machine has five adjustable settings - from the finest grind for a full-bodied espresso, to the coarsest for a lighter coffee.

100% Ceramic grinders

The robust 100% ceramic grinders guarantee a moment of pure coffee indulgence for years to come. The ceramic material creates the ideal grind, which allows the water to flow through steadily, extracting the purest essence of the beans. And unlike other 'regular' grinders, the ceramic material prevents the coffee from overheating and tasting burnt.

Removable brewing group

Efficiency and ease of use were key inspirations when Saeco invented the first brewing group 30 years ago. And to this day, it still proves to be an inspired, resolute piece of technology. As always, it's so simple to clean – just remove it and wash it under the tap for a few seconds, then re-insert it just as easily.

Memo Function

Once you've chosen your ideal strength from the 5 different settings, you can easily save it with the Memo Function, as well your desired length and temperature. Then every cup in the future will be customised exactly to your taste. You'll never have to remind it again, unlike the local barista.

Specifications

Service

- 1-year guarantee

Design

- Color: Silver, Black

Finishing

- Material water tank: Plastic
- Material boiler: Stainless steel (Inox)
- Material of main body: Plastic

Country of origin

- Made in: Europe

General specifications
